### EXPERIENCE

#### Software Programmer at STAFFING ROBOT

Dec 2015 - Present

When my contract was finished I was hired on to continue working on the company's client projects. These involved websites created with WordPress using custom plugins and various external APIs.

PHP WordPress JavaScript jQuery MySQL CSS Sass HTML

#### Freelance Software Programmer at STAFFING ROBOT

Mar 2015 - Dec 2015

I was hired as a contractor to work on a specific project involving rewriting a homegrown inventory management and ordering system from the ground up using the CodeIgniter PHP framework.

PHP CodeIgniter JavaScript jQuery MySQL CSS HTML

#### Freelance Web Developer at SHIFTWISE

Jun 2013 - Dec 2015

My primary focus was maintaining the Mighty Nurse website which is one of the largest nursing training and staffing communities. Duties included adding features, fixing bugs, and server upkeep.

PHP WordPress JavaScript jQuery MySQL CSS HTML

#### Web Application Engineer at SUBSTANCE

Aug 2012 - Jun 2013

I worked on many of our client websites which were heavily customized WordPress applications. My roles included backend programmer, frontend developer, quality assurance, and consultant.

PHP WordPress JavaScript jQuery MySQL CSS Sass HTML

#### Lead Web Developer at CD BABY

May 2008 - Aug 2012

As Lead Developer, my duties included coordinating with front-end and back-end developers as well as management in the architecting and support of our site building web application built with PHP.

PHP CodeIgniter JavaScript jQuery MySQL PostgreSQL CSS HTML

#### Programmer at HOT OFF THE PRESS

May 2005 - May 2008

My primary responsibilities included developing tools and reports in order to provide data for the different departments within the company.
